Circle the Fire Hazards - Answer Key

Find unsafe choices in the kitchen

Answer Guide: Review the five fire hazards below.

Five fire hazards

- 1 Towel hanging beside the hot stove
- 2 Cooking pot left boiling on the burner
- 3 Overloaded electrical outlet and power strips
- 4 Water spilled beside electrical cords
- 5 Lit candle next to the curtain

Safety reminder: If there is a fire, get outside, stay outside, and call 911 from a safe place.
