Automatic Payment Balance Plan - Level 2

Level 2: two-step money math

Practice account: Jo has \$65.00. No deposits or other purchases occur before Friday. All amounts shown are final.

Wednesday	Phone payment: \$24.00 automatically leaves the account.
Friday	Music payment: \$8.00 automatically leaves the account.
Today	Jo is considering a \$30.00 game.
Goal	Keep at least \$10.00 after both automatic payments.

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. How much will the two automatic payments take in total?

2. How much remains after both payments, without the game?

3. If Jo also buys the game, how much remains?

4. What is the most Jo can spend and still meet the \$10 goal?

Check a Reservation Deposit

Developing: subtraction within 30

A fictional craft studio requires a deposit. A deposit is part of the full price, paid early. Prices include all fees.

Full class price	\$28.00
Deposit already paid	\$10.00
Pay the rest	At the studio on class day
Money brought to class	\$20.00

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. How much has already been paid?

2. How much is still owed on class day?

3. Is \$20 enough to pay the rest?

4. How much change should the learner receive from \$20?

Book a Haircut - Level 2

Level 2: coordinate two constraints

Kai wants a haircut only. Kai can arrive Tuesday between 2:00 PM and 4:00 PM, and can spend at most \$20. All prices are final.

Option A	Tuesday 1:00 PM Haircut only \$18
Option B	Tuesday 3:00 PM Haircut only \$18
Option C	Tuesday 3:00 PM Cut and styling \$26
Booking rule	Ask staff to confirm the service, time, and price.

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. Which option meets both the time and price limits?

2. Why does Option A not work for Kai?

3. Why does Option C not meet the plan?

4. Write or say a booking request for Kai.

Ask for Written Directions - Level 2

Level 2: request, then confirm

At a community desk, Ren finds long spoken directions hard to remember. Ren prefers a short written list and can ask staff to explain one step at a time.

Staff says	Sign in, go upstairs, find Room 4, then show your pass.
Available support	Staff can write the steps on paper.
First step	Sign in at this desk.
Communication choices	Speak, write, point, or use a communication device.

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. What support matches Ren's stated preference?

2. Write or say a request for that support.

3. How can Ren confirm the first step?

4. One written step is still unclear. What could Ren ask?

Borrow a Charger and Return It

Foundational: explicit details and short request

Dev needs to borrow a charger. Lee has not agreed yet. Read Lee's conditions before deciding what Dev should do.

Lee says	Ask before taking my charger.
If I agree	Use it at this table.
Return time	Give it back to me by 2:30 PM.
If plans change	Tell me before the return time.

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. Write or say a request Dev could make.

2. Can Dev take it before Lee agrees?

3. Where should Dev use the charger if Lee agrees?

4. Dev needs it longer. What should Dev do before 2:30?

Date _____

Collect a Lost Item

Developing: compare multiple details

Sam lost a blue lunch bag with a yellow star and the name Sam inside. Use the fictional lost-property list. Ask staff to check an item before collecting it.

Item 12	Blue lunch bag yellow star name Sam inside
Item 13	Blue lunch bag green stripe name Alex inside
Item 14	Red lunch bag yellow star no name
Collection desk	Reception open 9:00 AM to 5:00 PM

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. Which item number matches all of Sam's details?

2. Name two details that help staff check the item.

3. Where should Sam ask about the bag?

4. Write or say a clear request to staff.

Name _____

Date _____

Read a Water Refill Station Notice

Foundational: locate explicit instructions

Read the practice notice at a community center water station. These rules belong to this fictional station.

Bring	Your own refillable bottle.
Before filling	Empty any leftover drink into the sink.
Filling spot	Place the bottle under the water nozzle.
Keep clear	Do not touch the nozzle with your bottle.
If water spills	Tell the front desk so staff can clean it.

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. What container should you bring?

2. Where should leftover drink go before filling?

3. What should the bottle avoid touching?

4. Water spills onto the floor. What does this notice say to do?

Date _____

Plan a Device Charging Routine

Foundational: read an explicit sequence

Noor uses a communication tablet each morning. Practice the routine below. For real devices, follow the device instructions and the learner's support plan.

- | | |
|-----------------------|---|
| Evening step 1 | Check the battery level. |
| Evening step 2 | If low, ask for help connecting the approved charger. |
| Morning step 3 | Check that the tablet has enough charge for the day. |
| Morning step 4 | Pack the tablet in its usual bag pocket. |

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. What does Noor check first in the evening?

2. If the battery is low, what is the next step?

3. Before packing, what should Noor check?

4. Where does the tablet go so Noor can find it?

Pause Before an Unexpected QR Code - Level 2

Level 2: apply a safety rule to a new medium

Practice rule: do not scan QR codes or follow links in unexpected messages or packages. Verify through a store app or contact method you already know. Do not use contact details from the suspicious note.

Situation	A package arrives. Taylor did not order it.
Inside note	Scan this code now to claim a free gift.
Pressure clue	The note says the offer expires in 10 minutes.
Safe option	Taylor can ask a trusted person to help check independently.

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. Which detail shows the package was unexpected?

2. Which words pressure Taylor to act quickly?

3. Should Taylor scan the code to find out who sent it?

4. Name one safer next step.

Name _____

Date _____

Follow a Changing-Room Privacy Routine

Foundational: apply posted rules

Read this fictional pool changing-room notice. A learner may use a support person according to their own needs and choices.

Choose a space	Use an empty changing cubicle.
Before entering	If a door is closed, knock and wait for a reply.
While changing	Close the cubicle door for privacy.
If help is needed	Ask your chosen support person or pool staff.
Phones	No photos or videos in the changing area.

Read the information. Write, say, point to, or dictate your answers. A calculator may be used.

1. A cubicle door is closed. What should you do first?

2. What can you do for privacy while changing?

3. Who could you ask if you need help?

4. Can someone take photos in this changing area?
