Parking Lot Pedestrian Safety

Answer Guide: Choose the safest action for each parking-lot situation.

1. You walk behind a car with bright reverse lights on.

☒ **Stop and let the car finish backing up.**

☐ Keep walking quickly behind it.

☐ Look at your phone and keep going.

2. You need to cross a busy parking lot after shopping.

☒ **Use the marked walkway and keep watching cars.**

☐ Cut between moving cars.

☐ Run straight through the middle.

3. A driver waves, but you are not sure they see everyone nearby.

☒ **Make sure the car fully stops before walking.**

☐ Trust the wave and walk without looking.

☐ Step into the lane backward.

4. You are carrying bags that block your view.

☒ **Move the bags so you can see clearly.**

☐ Keep them stacked in front of your face.

☐ Drop one and chase it into traffic.
